

Seven rebukes – by Ivo Sasek

First Ivo Sasek takes to all the people of his kind to task - the spiritual leaders; then he reads the riot act to the ideological leaders. His rebukes change into speeches of judgement to the judiciary and politics. His reprimands end with lectures to unscrupulous pharmaceutical dictators, insidious media moguls and scientists who threaten our very existence. A long overdue sweeping blow.

1. To the spiritual leaders of all religions, religious sects and associations

We are zealous for good, want to lead people to God, reconcile them with God and let them live for Him. And for this purpose we lured people with holy promises, bound them to dogmatic beliefs, obligated them under sacred rites, laws and myths. At the same time, however, with all the unbearable burdens of ethics, morals and holy customs, we blocked their path to God. And because men could never bear these burdens, we led them on the deadly paths of carnal freedom, yes, we let them slide into the abysses of non-commitment and universal decay. What we have not understood for thousands of years is the true intention of all divine laws, the true intention of all holy customs, commandments and practices. We still think that we would achieve world peace if only people would finally live a little more ethically, a little more morally, even more holy and just. At no time have we religious leaders understood that God has never been anxious for us to master the sacred laws - at least not from our own human strength! The exact opposite was the task and goal of all holy laws from the very beginning: They were to make it clear to us humans in all disciplines in a unique and penetrating way that we cannot do the holy and good at all in a godly way - no matter how much we desired or tried! But the realization of our absolute depravity and powerlessness should at no time drive us into all the doubt and resignation we are in. But where to then? And this is exactly where we spiritual leaders should finally wake up and understand what God always wanted to achieve with his laws. Our powerlessness to be sufficiently just, holy and good should always drive us into the arms of God! But never just so that we can get our asses wiped by God despite our permanent powerlessness. God has had enough of this constant fruitless forgiveness of sins for thousands of years. Do we understand this? What does He want then? And here is the answer: HE wants that not only we spiritual leaders from all religions, sects and associations, but also all people finally learn to live out freely what Jesus Christ exemplified to us as the Son of Man. He demonstrated to us on all levels that the entire potential of God's abilities dwells in us, and how we can bring this out of our human bodies! Therefore, Jesus constantly called himself the Son of Man, and he testified that He is not a special case, but that each of us, each one of us who is attached to God, could do the same works as Jesus did, as soon as he, instead of despairing of his powerlessness, took refuge in his original destiny. And what is the original destiny? The becoming one with God, our becoming one with God! So, and this is how it works with God: Jesus did not have to make an effort for a moment to "obey or observe any law", because He came to show us how to fulfill the law - that is, how to complete the law in essence - through the divine nature that is inherent in every human being! That is the point. But with this, however, there is no way of thinking of a legal implementation of the Sermon on the Mount, so to speak as a "New Testament elevation of the Old Testament law", as many of us

mistakenly spread it. The Sermon on the Mount is not a new legislation, let us remember that, but the Sermon on the Mount is a revelation of a new regularity, namely, the revelation of a divine event in the human being within. Therefore, the Sermon on the Mount is directed exclusively and unambiguously only to people who are TOTALLY BROKEN TO THEMSELVES. There, Jesus congratulates everyone who is broken at his own power, and that as a rejoicing person. Because in those who are broken, all divine virtues, all the abilities of God and powers flow out of themselves, naturally they break out of them - and this without the slightest effort on their part. But how? Because all the "supposed demands" of the Sermon on the Mount have never really been demands at all - but rather God's very own outpourings. Outpourings, as they appear as soon as a person has admitted his own bankruptcy and has fled to God with this bankruptcy in belief. That is what we have to teach people. All apparent demands such as "love your enemies" or "whoever looks at a woman only to desire her has already committed adultery with her" etc., these are nothing more than indicated divine abilities that flow out completely freely from all those who are broken in themselves, but who wait for God's perfection within them.

That's the difference. Jesus taught men: "You shall now be perfect, as your heavenly Father is perfect. Just as every divine work and every divine virtue flowed effortlessly out of Jesus, so in other words, everything also flows effortlessly out of us, if we do not deny God in us. That is the point. And all this happens from within us, worked by God Himself, moved by God Himself, lived in us. A powerful event that goes far beyond the mere "obeying of laws". I call upon you, spiritual leaders of every kind, let it be said to you: All divine laws, and indeed those of all religion, are, up to their highest level in the mind, only pre-programmed divine qualities of life, divine qualities that break open completely of their own accord in all those who "in spite of the breaking of their own power" remain in and close to God and expect His power in and through themselves, do you understand this? Whoever does not despair over his own powerlessness or, because of it, becomes "all the more lawful", but flees with it to God Himself, in him God Himself, as the source of all abilities and powers, will break open from within. And that is exactly how it must be - that has always been the goal of all "divine laws" of all religions. Instead of the traditional use of the law, which could only ever be the driving force of the devil and death, God Himself wants to live out His perfection in and through us human beings. And to live out this reality in its perfect form as "God's body", flowing out completely by itself, that is the goal of our earthly existence, the goal of our becoming. Everything that God brought to perfection flows out freely - completely by itself, completely without force, without having to force or even accelerate it by moral, ethical, religious etc. demands.

2. To the ideological leaders of all genres and associations

You ideological leaders, with your philosophizing you come closer than most religious people to everything I have just reproached us spiritual leaders with. But for various reasons you simply cannot manage to see a living God behind everything. Nevertheless, you are much more consistently obeying to God's work, because you at least align yourselves to the orders and forces of nature, which many believers clearly lack. You also pay more careful attention to the effects of the laws of creation than many religious people. But because you do not perceive God as a living person who thinks, a person who feels, who sees, who speaks, etc., you are unfortunately travelling as ego-individualistic demigods, which is dangerous. Why dangerous? Because you completely miss the overall view of things. For all your actions you are ultimately accountable only to yourself and do not want to let yourself be constricted by a God. Moreover, you declare Him dead because you neither hear His voice nor know His true nature. But should really He who created your eyes see nothing? Should He not hear who has created your ears? Should He understand nothing of life who has formed your heart?

How is such a thing possible? Should He who created the heavens and the earth not know every detail, and He who gave you a will, should He himself have no will? How should such a thing be possible? Why are you so proud and ashamed of a God who has created all these glories that surround us on all sides? Because we human beings fundamentally lack the overall view of all things, and because you ideologues lack all wisdom and omnipotence, you mislead human beings - despite many truths. But when in the end everything lies in ruins because you have always been ashamed of God, please do not be surprised if one day God should be ashamed of you when you then desperately cry out for help. Recognize Him therefore not only in His orders of creation and laws of nature, but also as the thinking and directing head over all your thinking, over your feeling, wanting and doing. Be as little afraid of a restriction by God as your body is afraid of you because a head always only does what is best for its body. Should he who has made all heads be unworthy to be head over all his creation?

3 To the judiciary at all levels and its executives

You judges, prosecutors and security forces have so far, despite crystal-clear legislation, simply stood by and watched pornography being made freely available to even the smallest children all over the world, right into their laptops and mobile phones. You did not intervene when early sexualizers started to mess up our children in kindergarten age with masturbation, anal sex, swallowing sperm and the like. To this day, you have kept a low profile against countless child molesters. You do nothing really effective against witnessed child trafficking rings, against satanist circles with their ritual sacrifices, blood orgies and the like. You do not react to the tens of thousands of best documented investigative broadcasts by independent media, even though undoubtedly proven serious crimes such as mass murders, genocides have been reported. But when only hints of sincere but perhaps politically incorrect seekers of truth appear, you are indeed able to unleash entire raiding parties upon harmless mothers, fathers, preachers, students, and the like. You do not lift a finger against the coming vaccination requirements, as yet, although they are being promoted by long disclosed syndicates of the most serious criminals. You know, therefore, that these most serious criminals have already severely damaged, crippled and killed millions of people around the world with their vaccine-toxic cocktails. What is wrong with you people? What has gotten into you that you lock up mothers and fathers whose children run out of the early sexualisation classes in disgust, while you stand idly by and watch how, on the other hand, demonstrably fraudulent financial elites not only politically instrumentalise millions of children for their own purposes, but also call upon them to run away from school lessons for days on end? What has gotten into you that you are taking legal action against every petty bourgeois who has installed even one unauthorised skylight, while you have thousands of satellites orbiting over all the skylights in the world, satellites that no democracy has wanted, let alone approved? You are currently approving thousands of satellites, which are already circling above our heads as chains of lights, but which, as 5G carriers, will radiate human beings, animals and nature to death like a weapon. At the same time, however, you are declaring every golf club or baseball bat as a weapon, if you could spot one in a raided apartment of harmless conservatives or nationalists. While you have known for years tens of thousands of independent studies by high-ranking scientists that have proven the lethal radiation of 1G to 5G. You watch inactively as tens of thousands of 5G radiation devices are simply installed and put into operation everywhere without permission. What is wrong with you? What do you overseers and protectors of the people have to do? You atone for every speeder, every shoplifter or swindler who has cheated people out of a few euros, but you remain silent in the face of those people who bet on the crash of countless businesses with financial bets, like now in the Corona crisis, and thereby make billions. You punish the

smallest arsonists and do not move a finger, even though it has been proven thousands of times by high-ranking building physicists, structural engineers and professors of all kinds that, for example, the World Trade Center including building no. 7 was fraudulently blown up. You watch inactively as thousands of investigative freelance journalists are vilified in the system media every day. Being condemned as conspiracy theorists they are persecuted and sanctioned, even though they present irrefutable evidence of endless serious crimes every day. You expel and punish every homeless person, even if they only desire a small place to sleep in a niche with a temperature of just over zero degrees Celsius, but on the other hand you watch inactively as fraudulent financial elites drive tens of thousands of houses and businesses to ruin, in whose niches the homeless people only wanted to sleep. You have all borders closed overnight because of a so-called pandemic, but which was reported from the beginning by countless high-ranking virologists around the world as an outrageous fraud. But before that you have opened all borders to millions of the most questionable asylum seekers, who are demonstrably driving our countries to ruin. You are also well aware of the hybrid warfare that is insidiously underway against our countries. But you stand by and do nothing. You watch how all free enlighteners are not only increasingly discriminated against, incriminated against and slandered by all mass media. You are also doing nothing against Internet censorship, where tens of thousands of reported serious crimes are censored with impunity. In any case, you intervene immediately and lock up anyone who has expressed even the slightest doubt about the serious reappraisal of past genocides. But you remain consistently silent on genocides that are taking place in the here and now, that have been proven beyond any doubt.

While you prove that thousands of the most notable witnesses on the Internet can be easily censored, you leave all the pornography that has destroyed tens of millions of children, tens of millions of marriages and relationships uncensored. In spite of the law, in spite of valid laws, you do this. As if there was suddenly a censorship, a crime or something completely impossible! And so you could go on for hours and just keep on listing how incredibly active you are against the meaningless little ones and how incredibly passive you are against the really big criminals. You ignore countless highly criminal groups, cover up conflicts of interest up to the syndicates of warmongers and many more. On the other hand, you will sue every hooked scion for complicity if he is caught together with his dealers. But what about your duties of intervention? Don't you also become accomplices of all those most serious criminals if you simply remain silent about all the sources of evidence that are reported to you by the investigative alternative media? Tell me that. Is there no one among you left who has the balls to clean up this mess? Are you too chicken to do it, or just too comfortable, too lazy, too indifferent? Or are you even involved in all these things, that you just don't move, or only for the wrong thing? Listen to me, all you judges, prosecutors, and security guards - judge for yourselves. Do your job, lest the cries of all those you have abandoned tear up Heaven, lest the prayers of all the saints and all the righteous shut up Heaven above you, and finally God Himself should rise up against you for judgment.

4 To the politicians of all parties and associations

Ye politicians of all parties and associations The majority of you like to be called representatives of the people, but you serve yourselves first of all. You fool the people into thinking that we are a democracy, although you know exactly what you have to dance to. For a long time you have not considered the people any more as your sovereign who you serve, you are slaves to an elitist high finance with its bought mass media. You are deceived by the pharmaceutical industry, you are slaves of shadow powers and you know it! Shadow powers, which are involved in drug and war business and many more. You will do anything for money! For a little more domination, more power you would sell your own mothers. You are deeply

involved in the darkest machinations of secret societies, you know that, yes, you are full of conflicts of interest, of lies, of child abuse and the like. Your sick schemes range from notorious nihilism to the merciless trade of souls. Your selfish delusions will stop at nothing. You betray and sell your people, your nation, to the greedy power-hungry globalists. And although many of you know about thousands of such horrors - and, I know it, do not really want to do so - you are still too cowardly and selfish to bring this evil game to light. Your own career, your own belly, always precedes you. Therefore, do not call yourselves representatives of the people any more, but crusher of the people! Because whoever protects warmongers and mass murderers, for whatever reason, makes himself their accomplice, remember that! Turn back, carry out your office, because the hour of revelation, of accountability is now coming.

5. To the pharmaceutical dictators of all kinds and cartels

You pharmaceutical dictators, you are doing exactly what was prophesied for these days 2000 years ago. In Revelation 18:23 it is literally written: "Your upstart wholesalers have taken hold of the elites of the earth and through your pharmaceutical poison-mixing all nations have been led astray." Or in a nutshell, "By your pharmaceuticals, all nations have been deceived." Or to translate: "By your medical toxins, all nations have been defrauded." Or: "By your remedy magic, all nations have become erring ones." One could translate as well: "By your pharmaceuticals, all nations have gone astray." While you pharmaceutical and financial dictators are accumulating immense wealth in this worldwide financial catastrophe, which you have deliberately forced upon us, you are simultaneously plunging all nations into debt and poverty. In the first two months of the Corona crisis, you have already made over a quarter of a trillion dollars in profits. As always, however, you have done so in the name of health protection. But this is exactly where the deception lies, the deception of nations, the great deception, the mad lie, the lie that leads all nations astray. You are fully aware that in the last few years alone you have once again made millions of people handicapped, severely handicapped, permanently crippled.

You are also fully aware that you have killed millions prematurely with your vaccination programs, and that you have secretly killed countless others in the womb or prevented their conception. And the proof that you are fully aware of your atrocities is that you have already secretly ensured that new laws protect you from any liability. And as always, you are pocketing your pharmaceutical profits, but the damage you are causing around the world is once again being unscrupulously passed on to the damaged peoples. While you have already taken billions of dollars from the new so-called epidemic, you are not ashamed of begging at the same time that Germany alone should make an additional donation of 8 billion dollars for your vaccination research. What kind of people you are! Moreover, you already rip off the people with 1.000€ per Corona test. The nations are wandering around because of you, just like it was prophesied 2000 years ago - and all nations are powerless like little children, because your up-and-coming wholesalers have seized even the elite of the earth. You have led not only all nations, but also all security forces, all politicians and justice systems astray. But never forget one thing: For there is still something in the same text indelibly written above you, Pharmaceutical empire, and that is: "Your light will go out and all joy in you will pass away! For in one hour, she has been stripped bare!" Or translated differently "For in a single hour, she has been uncovered." Or "For in one hour, in one hour, she has been robbed and emptied out." "For in a single hour, she has been stripped, robbed, made desolate, abandoned!" It's been written about you for 2,000 years. Therefore, my advice to you now, you proud pharmaceutical empire, you hopeless plunderer: give your trillion-dollar profits you have swindled, voluntarily to those you have defiled, to the injured peoples, before they take it from you in their own way. "Either way you will lose everything,"

says the Almighty God.

6 To the media moguls of all stripes and their offshoots

You mass media must be treated with the same justice as you have been doing for decades against all those who do not fit in with you because they contradict you. You always lump everyone together, whether you talk about right-wing extremists, anti-Semites or conspiracy theorists, or sectarians and the like. You have forgotten that you are all united in a single pyramid structure, a pyramid whose top is not only made up of the pharmaceutical industry, but also of war-mongering financial elites and world domination characters. And not a single day goes by where your reports and news do not carry the undermining stench of the pharma and its most criminal comrades. You have degenerated into a single sect of hell that lies day in, day out, so that the beams are bent. In the Ukraine we caught you forging war reports with bought extras. In Afghanistan, Iraq, Libya and all the other countries of the Arab Spring in general, we have exposed your lies that made all these wars possible in the first place. On your wanton deceptions of the peoples alone, this readiness for war against all these slandered people could only be built up. In this Corona crisis we caught you trying to persuade our Swiss military to lie down in the empty hospital beds of the empty emergency aid stations - because not a single Corona patient was admitted there, and all the staff were standing around almost unemployed, as in most hospitals during this crisis, by the way. You notorious and unscrupulous liars, you shameless slanderers and rabble-rousers - how much longer do you think you will be able to strike in God's face with impunity, yes?

7. To scientists of all calibers and fields You scientists actually had the unscrupulousness to develop exactly those horrible things of which God fervently warned us 2000 years ago. Rebelliously, just as it is written, you now want to impose your achievements on all mankind, even though you all know very well that God has placed the acceptance of your developments and your technologies under maximum penalty. Why under maximum penalty? Because these are the most dangerous and destructive developments of all times. There is therefore in the whole Bible with its 1500 pages no stricter, no more feared prohibition, no greater threat of torment, than when mankind lets this your technology get close to it, which you scientists and politicians want to impose on us exactly in these days. Your development began with the introduction of the famous speaking picture, of which the Bible warned us already 2000 years ago. It is certainly no misinterpretation to see in this speaking picture first of all television with its corruptive mainstream, but then also all the computer and mobile phone technology. The whole thing comes together in the intelligent and speaking image of the Internet system, whose access was only possible via www, that is, 666. The fact that you scientists have developed such a thing - against all better knowledge - shows how philanthropic you are. But now you purposefully proceed to the final phase, by this fulfilling the prophecy of Rev. 13:16-18. I call the meaning of these pictures, which are mentioned there, by name and translate the essential passages literally from Greek. There it says: "This multi-state entity, which has suddenly emerged from the sea of nations, tries to force the rich and the poor, from the lowly to the powerful, free and slave alike, to have a charagma put on their right hand or on their forehead, so that no one may linger in the marketplace or negotiate in public". — Listen up well, you people out there! What has been written here for 2,000 years? - "...so that no one may linger in the marketplace or negotiate in public!" Does that sound familiar to you? Or "that no one can offer anything for sale except the one who has the charagma, the identification sign of the multi-states, or via the human number system 666 ... Isn't that exactly what we're experiencing these days? Via the Internet you can still serve, everything else is no longer allowed. But what does the Greek expression charagma mean in English? In Greek there are three meanings. And look, you can read it in any Greek

encyclopaedia, it has been written in the Bible for thousands of years. The 1st meaning of this charagma you want to introduce is: a stab by a metallic object. The 2nd meaning means a kind of stamp by which something is etched into the skin. The 3rd meaning speaks of a characteristic feature that is pricked under the skin in the form of a structure. In other words, 2000 years ago the Greek language already described in detail what you unscrupulous scientists and politicians are now trying to achieve with all mankind, and what means you would like to use to achieve this. But as true as these prophecies are not put in the form of realization, but in the mere form of wish, as true may all mankind now align itself to the 2000 year old warning of God and not bow to your diabolic wishful thinking! If these texts were in the indicative, mankind would now not be able to avoid having to endure your forced vaccinations and your planned forced chipping. But because your diabolical plan is noted in the subjunctive, that is, in the mere wish form, the threatened peoples can now use their power and oppose your wish, and you peoples, do this! And thereby the nations can eliminate your merciless would-be world domination. And that is just what we should do - do that, you peoples - in this way and no other, the God of the Bible has now inculcated it in us for a full 2000 years with all the force of his insistence.

The same Bible guarantees extraordinary, supreme torments to everyone, to everyone who does not oppose the project of this world domination that has suddenly arisen from the sea of nations, who does not oppose these scientists who have built these things! It is written, the worst tortures mentioned in the Bible, the worst of all conceivable tortures come through this charagma. By the charagma itself, well understood, not by God! It is not God who causes this, but the charagma itself. The image of God's punishment used in the Bible has always served merely as a metaphor for what is both unimaginably agonizing and inevitably terrible. It is also written in this connection that it is not to the nations but to the perpetrators of all such abominations that a captivity prescribed by God is predestined! I say: "Nations, wake up from your sleep and recognize the danger of the hour! Turn from your indifference and act!" And all you leaders of religion, ideology, justice, politics, and all you pharmaceutical despots, all you despots of media and science, I say: "Turn away from your works, terminate them! And realize that the hour of your powerlessness is dawning. Surrender voluntarily, because your plan will not succeed! For so it is written and so it will come to pass!" I am Ivo Sasek, who has been standing before God for 43 years.
