

# The Planned Parenthood File – Philanthropists or Criminal Network?

**The constitutional state's duty to protect human life is being increasingly disregarded and the killing of human embryos is being declared a universal right. Whoever guarantees this right is being praised as a benefactor. Accordingly, the global abortion organization Planned Parenthood describes itself as a charity. But what does their charity look like? Besides "reproductive self-determination", Planned Parenthood's official goals also include population reduction. Who is behind this organization and what are its real goals? Kla.TV is uncovering!**

Brussels, 11/04/2024: The European Parliament votes in favour of including abortion in the Charter of Fundamental Rights of the European Union with 336 proponents and 163 opponents.

USA, 12/04/2024: Kamala Harris announces that she will make abortion rights a key issue in the 2024 presidential election campaign.

Germany, 15/04/2024: The German government was recommended an extension of abortion rights by the "Commission on Reproductive Self-Determination and Reproductive Medicine", which was appointed and staffed by the government itself.

These three events within one week give the impression that the development of abortion worldwide apparently knows only one direction: the gradual lifting of all restrictions. As a result, the duty of the constitutional state to protect human life is increasingly being abrogated and the killing of human embryos is being promoted to a universal right. And anyone who grants this right, known as "reproductive self-determination", is worshipped as a benefactor. Accordingly, the world's largest abortion organization, the International Planned Parenthood Federation (IPPF), which aborted 327,653 babies in the USA alone in 2014, describes itself as a non-profit organization. In total, the IPPF is active in 170 countries and operates its own abortion clinics in the USA, Germany, Austria and other countries. Its members include "pro familia" in Germany and Planned Parenthood in the USA, which offers its services in over 650 clinics there alone. In addition to "reproductive self-determination", the official goals of the IPPF also include population reduction!

Doesn't this mean that when counseling pregnant women, the result of persuading them to have an abortion is predetermined? For this reason, the Planned Parenthood Federation of America (PPFA), or Planned Parenthood for short, will be used as an example to investigate whether it's nature is truly charitable. Who is actually behind this organization and what are its real goals?

## I. Planned Parenthood's Entanglements With Politics

In 1985, Republican President Reagan, in line with his conservative party's platform, banned government funding for organizations that perform abortions. To date, however, this ban has

been suspended by all Democratic presidents at the start of their terms, which has directly benefited Planned Parenthood each time. In return, Planned Parenthood supports the Democratic Party and is even intertwined in terms of personnel.

Here are three examples:

- Back when she was only 16 years old, Cecile Richards, who was Planned Parenthood's President for twelve years, helped campaign for Democrat Sarah Weddington. In 1973, Weddington fought for the constitutional right to abortion in all 50 American states at the Supreme Court level. Richards was also the founding president of the organization "America Votes", which supports the Democrats. She also worked for Nancy Pelosi when she was Democratic Speaker of the US House of Representatives.

Richards is a personal friend of Hillary Clinton, as evidenced by their mutual financial support. Planned Parenthood already donated to Clinton's first election campaign for a seat in the US Senate in the year 2000. In a 2016 campaign appearance, Richards announced Clinton as "the leader I trust". Planned Parenthood will invest 20 million dollars in the election campaign and support Hillary Clinton "from the ground up". And Clinton promised in return: "I will always defend Planned Parenthood and I will say consistently and proudly, Planned Parenthood should be funded, supported and protected, not undermined, misrepresented and demonized. As your President, I will always have your back."

What it looks like in practice when a Democrat has Planned Parenthood's back was demonstrated by Kamala Harris the year before.

When she was elected Attorney General of California, Kamala Harris received donations from companies associated with Planned Parenthood. She then, in return had incriminating videos proving Planned Parenthood's trafficking of fetal tissue confiscated in 2016 by unlawfully initiating the raiding of investigative journalist David Daleiden's home. This business with fetal tissue takes place without the knowledge of the mothers who are having an abortion. It contradicts both current law and the principle of non-profit status to which Planned Parenthood has officially committed itself.

## II. Unlawful handling of fetuses as a lucrative business

Aborted babies are a lucrative business. Human fetuses are traded like raw materials and sold for profit both in the organ trade and in the pharmaceutical, cosmetics and food industries. In 2015, Planned Parenthood came under severe pressure. Videos had emerged showing senior officials from the abortion group Planned Parenthood negotiating the sale of body parts and tissue from aborted embryos. The authenticity of the videos was initially disputed. In the meantime, however, Planned Parenthood directors and doctors have declared under oath in court that the videos are genuine. As an officially non-profit organization, Planned Parenthood is generally not allowed to make a profit.

In 2024, a hearing in the US Congress revealed that Planned Parenthood illegally cuts off an arm or leg from babies in the womb. The aim is to preserve the torso so that the organs can be harvested without damage. In addition, babies often survive in last trimester abortions and should be hospitalised under current law. However, this is not done. David Daleiden calls this cover-up infanticide. What happened to these babies instead? How is it possible that Planned Parenthood systematically breaks laws without facing consequences? Are these

well-planned legal violations covered up by other networks aside from political ones?

### III. The worldwide Masonic network behind Planned Parenthood

As Kla.TV has shown, High Degree Freemasonry is working worldwide to destroy existing structures, [[www.kla.tv/24002](http://www.kla.tv/24002)] in order to reshape the world according to their designs. Its connections to Planned Parenthood are numerous:

Planned Parenthood has consultative status with UNESCO and also works with WHO and UNICEF - all three are Masonic organizations. [[www.kla.tv/28338](http://www.kla.tv/28338)]

All three Democratic presidents – Clinton, Obama and Biden, who lifted President Reagan's ban on funding abortion organizations, are high-degree Masons.

The direct ties between the high-degree Masons of the Rockefeller family and Planned Parenthood have existed since its founding over 80 years ago. They range from initial funding from the Rockefeller Foundation to ongoing cooperation with the Population Council, a Rockefeller foundation to check population growth.

If one lists the donors of Planned Parenthood today, one also notices:

They are largely the same as those of the transgender ideology, which pursues the long-term destruction of the existing social order. [[www.kla.tv/29555](http://www.kla.tv/29555)]: In this program it was also shown in detail that the following foundations were either founded directly by High-Degree Freemasons or at least support their goals and how the international financial institutions and corporations are controlled by High-Degree Freemasonry.

Financial institutions: Bank of America, Deutsche Bank, JPMorgan Chase, Citibank, Commerce Bank, PNC Bank, Morgan Stanley

Pharma giants: Johnson & Johnson, Pfizer, Abbott, Bayer, Amgen, GlaxoSmithKline (GSK)

Internet giants: Google, Microsoft, Amazon, eBay, YouTube, PayPal

International foundations: Buffet Foundation, United Nations Foundation, Bill & Melinda Gates Foundation, Arcus Foundation

Other global corporations: Shell Oil, ExxonMobil, British Petroleum, Walt Disney, Anheuser-Busch, Hilton Worldwide, Starbucks, Monsanto

### IV. Planned Parenthood, a tool for population reduction

That the earth is overpopulated and that this is the reason for environmental damage, poverty and hunger is just a well-sold and unfounded fairy tale. [<https://www.kla.tv/26763>]

Kla.TV has presented in several broadcasts the true background, showing that there is a global agenda for population reduction. Abortion is part of it. [[www.kla.tv/27094](http://www.kla.tv/27094)]

There are currently around eight billion people in the world. In the decades in which more and more countries legalized abortion, a total of around one billion babies were aborted. How many children and grandchildren would they have had if they had been allowed to live can only be estimated. Planned Parenthood, whose official goal is to combat "overpopulation", contributes significantly to the implementation of this agenda with its numerous abortion clinics. It is therefore hardly surprising that many advocates of population reduction are donors to Planned Parenthood.

These include:

- Bill Gates, Warren Buffet, George Soros and the Rockefellers through their foundations [[www.kla.tv/1811](http://www.kla.tv/1811)]

- The Arcus Foundation, which also promotes transgender ideology [www.kla.tv/29555]
- Three manufacturers of the corona vaccines: Johnson & Johnson, Pfizer, GlaxoSmithKline

Planned Parenthood thus proves to be the perfect tool of these global masterminds, killing defenseless segments of the population under the guise of "reproductive self-determination" and "family planning".

#### V. The beginning of Planned Parenthood: racism and eugenics:

The founder of Planned Parenthood was Margaret Sanger, an American nurse and women's rights activist. She divided people into three "genera":

1. Genetically healthy whites as "normal people"
2. Blacks, Indians and people of the Third World as "sub-humans"
3. mentally handicapped, hereditarily ill and Jews as "sub-sub-humans"

In 1920, Margaret Sanger described birth control as facilitating the process of weeding out the unfit and preventing the birth of "defectives". A year later, she founded the American Birth Control League. When eugenics fell into disrepute during the Second World War, the League was renamed Planned Parenthood in 1942. However, Sanger remained president of the organizations until 1962. It wasn't until 2020 that Planned Parenthood outwardly distanced itself from Sanger. They did this by removing her name from their New York clinic because she had promoted the forced sterilization of black people.

But what does the equal right to life for people with a different skin color actually look like today? A statistic from 2021 shows that babies with black mothers in the USA are aborted more than four times as often as those born to white mothers. In New York, more black babies are now aborted than born. Instead of helping these mothers, over half of black babies are removed from society before they are born under the guise of "reproductive self-determination". Does the claim that women have a right to "reproductive self-determination" stand up to scrutiny?

#### VI. Unlawful silence in cases of human trafficking and child abuse

Planned Parenthood is a reliable address for human traffickers' discreet abortions. Even in cases where pregnant women are unable to communicate with the staff due to a lack of language skills, abortions are carried out if only one accompanying person says they want to. Planned Parenthood behaves in the same way in obvious cases of child abuse. It is common practice for minors to be brought to abortions by their rapists, only to then be raped again. In California, for example, a 13-year-old girl who was impregnated by her own father was advised to simply refrain from sexual intercourse for the next three weeks after the abortion. When she had another abortion a few months later, she was given an IUD for contraception.

Planned Parenthood is actually required by law to report cases of human trafficking and child abuse to the police. Accordingly, in 2011 all employees were assured that they would receive appropriate training. However, several employees state that this training did not take place and that they were even instructed not to report to the authorities. Not even when minors point out their age and that of their perpetrator and directly ask for help.

The fact that Planned Parenthood is valued as a discreet point of contact for human traffickers and child abusers shows how far removed their abortions are from so-called "reproductive self-determination".

## VII. Planned Parenthood's links to Satanism

Human trafficking and the abuse of children, including the killing and eating of babies, are common practices, especially in pedophile-satanic networks of the upper class. KLa.TV addresses this topic in detail in several programs [[www.kla.tv/24018](http://www.kla.tv/24018) and [www.kla.tv/27300](http://www.kla.tv/27300)]. In consequence the question arises whether Satanist ideology or personal connections to Satanism can be found at Planned Parenthood, which would explain the violations of the law and the exploitation of the situation of pregnant women?

The following clues are available:

Margaret Sanger, the founder of Planned Parenthood, is particularly notable for her anti-human and anti-religious stance. In an interview, she said: "I think the greatest sin in the world is bringing children into the world." And: "The most merciful thing that the large family does to one of its infant members is to kill it." In this way, the meaning of "parenthood" is reversed!

In Germany, Planned Parenthood is represented by the association "pro familia" – meaning "for the family". Pro familia was founded in 1952 by Margaret Sanger and Hans Harmsen. Harmsen was a leading racial hygienist during the Third Reich, the first president of pro familia from 1952 and subsequently its honorary president. Abuse victim Anneke Lucas reports shocking facts about this person: She testifies that she met Harmsen in satanic circles, where she was repeatedly forced to commit ritual murders as a child.

Anneke Lucas: "And now I want to say something that I have never said before, publicly: Hans Harmsen, who was in charge for this place, was the head of Planned Parenthood Pro Familia in Germany. I was made to train on what were basically extremely small babies that were alive. [...] This was the doctor that was in charge of Planned Parenthood. The fetuses, the babies that I had to kill in this case, were probably aborted fetuses. They were alive!"

You can find out more about Anneke Lucas' background in the upcoming, directly subsequent broadcast. The global abortion organization Planned Parenthood adorns itself with terms such as "non-profit" and "self-determination" and claims to stand up for people's rights. In practice, it turns out to be a criminal organization, as the following summary shows:

- Planned Parenthood repeatedly violates the law in different ways: the babies' organs are exploited, child abuse and human trafficking are covered up.
- Planned Parenthood does not take babies who survive abortion to the hospital as prescribed, but "recycles" them for profit without the mothers' knowledge.
- Planned Parenthood is close to influential politicians and organizations and has thus been able to commit violations of the law unchallenged for years.
- Planned Parenthood is proving to be an ideal tool for global masterminds who, under the guise of "reproductive self-determination" and "family planning", are killing millions of babies by means of abortion, in order to reduce the world's population.
- Planned Parenthood forms a global network and has worldwide sponsors and partners from Freemason circles.
- Planned Parenthood and its offshoot pro familia were founded by racists who considered blacks and Jews, among others, to be inferior. Blacks are aborted much more frequently in the USA.
- Planned Parenthood has personal connections to Satanism.

The fact that an organization like Planned Parenthood can commit unimaginable crimes over so many years is an unparalleled scandal. Such institutions should actually be found guilty in every court in the world and sentenced to pay back all its profits. The fact that this is not happening is a vivid example of the complete failure of politics, justice and the media. That is why we need vigilant people like you, dear viewers, educated and awoken people from all over the world who will not remain silent. Do not close your eyes to this injustice and bring this information to light.
